The following document was transcribed from the original, located at the National Archives, College Park, Maryland in National Park Service (NPS) files, Record Group 79. All the original material was handwritten in a flowing script font of the day. That means it was occasionally hard to decipher. Readers who have alternate spellings are requested to contact me at [wdbauman@visuallink.com](mailto:wdbauman@visuallink.com) and I will endeavor to verify/correct this file. It should be noted that when descendants have notified me of alternate/correct spellings of the present document, I have revised the text. Thus, in a few cases, if the reader compares the present document with the original, at National Archives, some variations will be found.

The use of [brackets] indicates something this editor added to the text for clarity or consistency.

The use of (parenthesis) indicates something the originator added to the file for the same reasons.

If the reader elects to download the file and print it locally, the file is setup to print on legal sized paper in landscape mode.
