

Information Officer Report
C&O Canal Association, Inc. 2021 Annual Meeting Agenda
Springfield Barn, Williamsport
1 p.m., Saturday, March 26, 2022

Telephone and e-mail inquiries received over the past year have been few. Both the e-mail account and the Association information telephone line 301-983-0825 inquiries@candocanal.org were monitored daily and all questions were promptly answered by either me or my backup, Jonnie Lefebure. A few inquiries were forwarded to the committee chair for action.

The following are a few inquiries the Association has received since the February board meeting:

1. Inquiry related to the Potomac Watershed cleanup forwarded to Jim Heins.
2. Inquiry related to membership record forwarded to Will Stewart.
3. Inquiry related to overnight parking regulations in the park. Informed the caller these regulations are available on the C&O Canal NHP website at <https://www.canaltrust.org/plan/highlights-and-amenities/parking-along-the-co-canal-3/>
4. Inquiry related to the new parking restrictions on Harpers Ferry Rd. at the Maryland Heights trailhead. Referred to the C&O Canal NHP.

If elected I am looking forward to the 2022-23 year in the Information Officer position

Respectfully submitted,

Doug Zveare
Information Officer
C&O Canal Association
